

'GLUE LITE' Policy

General Liability Excess

Practice Notes for Brokers

Introduction

We are proud to introduce you to 'the GLUE LITE, it's basically the DIL section of the GLUE policy and is designed to be used where:

1. the primary policy already includes blanket contractual liability / joint insured / waivers; or
2. when such extensions are not required.

Features & Benefits

- 100% authorised security.
- 'Sticks' to primary Broadform Liability policy.
- Can 'Stick' to MV Liability.
- Can stick to W/Comp Common Law (giving cover for those employees temporarily overseas).
- Can take out at any time (don't have to wait until the primary policy is due).
- Mirrors (ie. follow form) the primary policy. All covers are mirrored (**even the agreed sub-limits**).

Target Risks

- Virtually and vanilla or hard-to-place liability risks **except**:
 - Labour hire (blue collar)
 - sport, leisure, entertainment
 - others as determined by us

Sum Insured options

- Minimum underlying PL policy = \$10M
- Maximum GLUE LITE policy = \$20M

Other details

- Premiums start at just \$1,000 + charges with:
- 10% commission

Hot Tip:

By reducing your client's primary layer (where premium is in excess of \$3,500) and adding on a GLUE LITE policy you may reduce the total premium charged for the original limit AND have double the cover on all sub-limits
