

SPECIALIST LIABILITY COVER FOR CLIENTS WITH KNOWN, OR UNKNOWN, **ASBESTOS EXPOSURE**

From incidental discovery through to licensed removal work, including transportation, Edge Asbestos Liability helps brokers offer solutions where standard liability policies won't respond.

**Because not every risk
fits a standard policy.**

LLOYD'S

Coverholder

NOT EVERY **ASBESTOS RISK** IS THE SAME

UNKNOWN

Many contractors don't intentionally work with asbestos. Yet every day, they may unexpectedly encounter or disturb asbestos-containing materials.

Public Liability policies contain total asbestos exclusions, often extending to defence costs as well.

Edge Asbestos Liability has been developed to bridge that gap.

KNOWN

Specialist cover is also available for **licensed asbestos removal contractors** undertaking planned removal, remediation, transportation and disposal.

Whether your client **requires Claims Made** or **Occurrence** cover, our experienced underwriters can tailor a solution to suit their operations.

THREE SOLUTIONS, **ONE SPECIALIST APPROACH**

UNLICENSED

Incidental Cover

For unexpected discovery or disturbance of asbestos where licensing is not required.

LICENSED

Claims Made or Occurrence

For licensed asbestos removal contractors. Choice of Claims Made or Occurrence.

FLEXIBLE

Package or Stand-Alone

Add to an Edge liability policy or take as a stand-alone solution. The choice is yours.

WHO WE INSURE

Builders

Plumbers

Electricians

Roofers

Demolition
